COVID-19 (novel coronavirus)

This section provides the latest updates, information and advice on COVID-19.

Current situation

New Zealand has 368 confirmed and probable cases of COVID-19. For a summary of the current status see our [latest media release \(27 March\)](#). More information is available on our [current cases page](#). With continued vigilance the chance of widespread community outbreak is expected to remain low.

New Zealand is currently at Alert Level 4 – Eliminate

These alert levels specify the public health and social measures to be taken. Nationwide, New Zealand is currently at Level 4 – Eliminate. This means that it is likely that the disease is not contained. See more information about [Alert levels](#).
