COVID-19 (novel coronavirus)

This section provides the latest updates, information and advice on COVID-19.

Current situation

New Zealand is currently at Alert Level 1. To find out more see Health and disability services at Alert Level 1.

There are 25 active cases of COVID-19 in New Zealand. New Zealand's confirmed and probable cases of COVID-19 to date is 1565 – see our current cases page.

The focus is now on protecting New Zealanders with:

- robust border controls
- continued surveillance and testing
- contact tracing capability and rapid isolation of new cases
- public support to prevent any further spread, like good hygiene and keeping records of movement.

See our elimination strategy for Aotearoa New Zealand.

For COVID-19 health advice and information, contact the Healthline team (for free) on <u>0800 358 5453</u> or <u>+64 9 358 5453</u> for international SIMS.

NZ COVID Tracer app

The official Ministry of Health contact tracing app helps you keep a digital diary of the places you've been.
