COVID-19 (novel coronavirus)

This section provides the latest updates, information and advice on COVID-19.

Current situation

Media standups

There are no live Ministry of Health media standups scheduled for 22 or 23 August. The Ministry will continue to provide its regular written updates at approximately 1 pm daily and will advise of further media standups in the coming week.

Case numbers

There are 3 new cases of COVID-19 today, 23 August 2020. There are now 114 active cases of COVID-19 in New Zealand. See our [current cases page](#).

Contact tracing and self isolation

We are tracing all close contacts of these cases, and getting them tested for COVID-19. All close contacts will remain in self-isolation for 14 days. Most casual contacts do not need to self-isolate and only need to be tested if they develop symptoms. [Read more information on self isolation for close and casual contacts](#).

Alert levels

Until 11.59 pm Wednesday 26 August the Auckland region (Auckland Council area) is at **Alert Level 3** and the rest of New Zealand is at **Alert Level 2**. Find out more on the [Unite Against COVID-19 website](#).

Where to get a test for COVID-19 in Auckland

If you have symptoms you can:

- get a test at most GPs – call ahead to find out if you need a test and follow their advice
- get a test at a [Community Testing Centre](#) – this list will continue to be updated.

People in other regions can check their [local district health board website](#) to find out about testing in their area.

Regional exemptions at Alert Level 3

The Auckland city 'border' is currently closed. Some exemptions will be allowed. For more information, including how to apply, [see Advice for travellers](#).

For COVID-19 health advice and information, contact the Healthline team (for free) on [0800 358 5453](#) or [+64 9 358 5453](#) for international SIMS.
