### PRESS RELEASE

#### Health & Travel Advisory (25th March 2020)

MARCH 25, 2020

#### Press Update (25th March 2020)

MARCH 25, 2020

#### Press Update (24th March 2020)

MARCH 24, 2020

### HEALTH TIP

Protect yourself from COVID-19. Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water. Why? Washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands.

Department of Health urges members of the public who have family members arriving in the country to call 1411 in advance to provide the family member's following details:

- Name & surname
- Flight number and date and time of arrival
- Address in Seychelles

This will enable Public Health Officers to do necessary home visits in advance to assess

**Department of Health Seychelles**  
Just now · 🌐

Members of the public are advised that the Department of Health has not issued a written update yet for Saturday 21st March 2020. The update circulating on social and digital media is not from the Department of Health. Impersonating the Department of Health and tempering with official templates is a serious offence that carries legal consequences.

You may catch COVID-19 and be at risk of becoming severely ill, if you've a noncommunicable disease/a pre-existing condition such as:

- ! Cardiovascular disease
- ! Chronic respiratory disease
- ! Diabetes
- ! Cancer

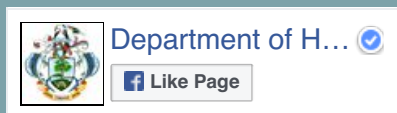

Here are tips for people affected by these conditions to stay safe:

- ✓ Take your medicine & follow medical advice
- ✓ Secure 1 month+ supply of medication
- ✓ Keep distance from sick people
- ✓ Wash 🧼 🌊 🧴
