APRIL 8, 2020

Public Health Authority records new case of COVID-19

APRIL 6, 2020

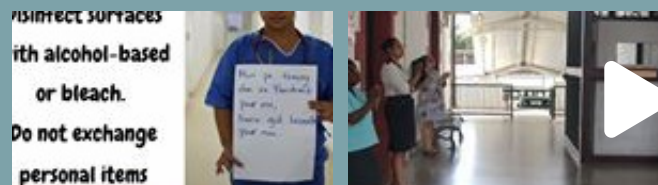

HEALTH TIP

Protect yourself from COVID-19. Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water. Why? Washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands.

April 15th is celebrated as International Biomedical Laboratory Science Day since 1996. For year 2020, the theme is "Non Communicable Diseases: The role of Biomedical Laboratory Scientists in Detection, Screening and Treatment". We take this opportunity to thank our Laboratory staff across the country, for all the support, dedication and hard work that allows the full function of our health system... [See More](#)
