Department of Health Seychelles

To show their support and help one of their colleague who is having regular blood transfusion due to her illness, a collective group of 25 primary & kindergarten teachers of Independent School Seychelles organized a Blood Drive activity last Tuesday 11th August 2020, at the School's campus, Union Vale. The teachers have promised to make this a regular event during their school holidays. The Blood Transfusion Center-Department of Health expresses its thanks to the management and teachers of Independent school for their generous act of love and kindness. 📷 📷 ❤️
