[Official page](#)

Depression is a mood disorder that causes a persistent feeling of sadness and a loss of interest in activities that you normally enjoy. Signs include loss of energy; change in appetite; sleeping more or less; reduced concentration; and indecisiveness to name a few. (WHO)

It's not a sign of weakness and it can happen to anybody. It's treatable.

Talk to someone today about how you are feeling or Initiate contact with the Mental Health Services Team etc: 4388286 (working hrs) / 2822266 (evening)
