Update on COVID-19 cases _12th January 2021

JANUARY 13, 2021

NOTICE

Under new guidelines issued by the Public Health Authority, **no COVID-19 screening tests is needed for persons placed under home quarantine during or upon completion of the quarantine period.** Testing may be recommended for persons who develop symptoms of the infection. **All persons placed under home quarantine who develop symptoms are advised to visit the special stations at Glacis Health Centre, Baie Lazare Health Centre and Mont Fleuri Health Centre.** The home quarantine period should be completed for 14 days, from arrival in Seychelles or last contact with a positive case of COVID-19. **A certificate of quarantine will be presented at the end of the quarantine period.**

.....

Anyone with symptoms related to Covid-19 are asked to report to special stations at Glacis Health Centre, Baie Lazare Health Centre and Mont Fleuri Health Centre between 8am-12pm and 1pm-2pm. People who use these health centres for regular consultations, should go to their regional centres.

The BLOOD BANK is currently LOW IN STOCK. Even in a Pandemic, the demand for blood is still there as we have people suffering from other diseases that require transfusion.

These people can be your family member, your colleague or friend. Please step forward to help in this time of need. Book your appointment today on 4388341/ 2854645/ 2584231.
