NOTICE

Under new guidelines issued by the Public Health Authority, **no COVID-19 screening tests is needed for persons placed under home quarantine during or upon completion of the quarantine period.** Testing may be recommended for persons who develop symptoms of the infection. **All persons placed under home quarantine who develop symptoms are advised to visit the special stations at Glacis Health Centre, Baie Lazare Health Centre and Mont Fleuri Health Centre.** The home quarantine period should be completed for 14 days, from arrival in Seychelles or last contact with a positive case of COVID-19. **A certificate of quarantine will be presented at the end of the quarantine period.**

.....

Anyone with symptoms related to Covid-19 are asked to report to special stations at Glacis Health Centre, Baie Lazare Health Centre and Mont Fleuri Health Centre between 8am-12pm and 1pm-2pm. People who use these health centres for regular consultations, should go to their regional centres.

Ministry of Health Seychelles

2 hours ago

47 new cases of COVID-19 were recorded since the last update bringing the total number of cases recorded in Seychelles to 1116.

Continue to respect and practice the different measures in place to help stop the spread of COVID-19:

- Wear a mask in public places and where physical distancing cannot be maintained
- Practise hand hygiene regularly
- Avoid gatherings and crowds
- Avoid sharing objects
- Practise physical distancing of more than 1 metre
