NOTICE

Under new guidelines issued by the Public Health Authority, **no COVID-19 screening tests is needed for persons placed under home quarantine during or upon completion of the quarantine period.** Testing may be recommended for persons who develop symptoms of the infection. **All persons placed under home quarantine who develop symptoms are advised to visit the special stations at Glacis Health Centre, Baie Lazare Health Centre and Mont Fleuri Health Centre.** The home quarantine period should be completed for 14 days, from arrival in Seychelles or last contact with a positive case of COVID-19. **A certificate of quarantine will be presented at the end of the quarantine period.**

.....

Anyone with symptoms related to COVID-19 are asked to report to special stations at Glacis Health Centre, Baie Lazare Health Centre and Mont Fleuri Health Centre between 8am-12pm and 1pm-2pm. People who use these health centres for regular consultations, should go to their regional centres.
