

UPDATES ON COVID-19 (CORONAVIRUS DISEASE 2019) LOCAL SITUATION

! Clarifications On Misinformation ✕

23 Mar 2020: MOH would like to clarify that the World Health Organisation (WHO) had reaffirmed that the COVID-19 virus is spread mainly through droplets. However, the WHO noted that certain specialised procedures performed in healthcare settings may cause the virus to be aerosolised, and recommended that healthcare professionals take extra precautions in such settings. All hospitals in Singapore have put in place these extra precautions since the start of the outbreak

21 Mar 2020: MOH is aware of a message requesting for volunteers to man our call centre. We wish to clarify that this is not true.

We advise members of the public to not speculate and/or spread unfounded rumours. Please visit www.moh.gov.sg for updates on the COVID-19 situation and click [here](#) for past clarifications.
