 Listen 

As of 28 March 2020, 12pm, the Ministry of Health (MOH) has confirmed 41 imported and 29 local cases of COVID-19 infection in Singapore.

- 41 imported cases had travel history to Europe, North America, ASEAN and other parts of Asia.
- 15 cases are linked to clusters or previous cases.
- 14 cases are currently unlinked, and contact tracing is ongoing.

15 more cases have been discharged from hospital. Of the 420 who are still hospitalised, most are stable or improving. 19 are in the intensive care unit.

182 cases who are clinically well but still test positive for COVID-19 are isolated and cared for at Concord International Hospital, Mount Elizabeth Hospital, Gleneagles Hospital and the Community Isolation Facility at D'Resort NTUC.

For more details, refer to MOH's [press release](#).

For an overview of the COVID-19 cases in Singapore, refer to the table below:
