As of 8 April 2020, 12pm, the Ministry of Health (MOH) has confirmed additional 142 cases of COVID-19 infection in Singapore.

Among the cases:

- 2 cases are imported
- 55 are linked to known clusters
- 13 are linked to other cases
- 72 are pending contact tracing

Among the linked cases:

- 40 cases were linked to clusters at foreign worker dormitories
- 28 were linked to non-dormitory clusters

29 more cases of COVID-19 infection have been discharged from hospitals or community isolation facilities. Of the 627 confirmed cases who are still in hospital, most are stable or improving. 29 are in critical condition in the intensive care unit.

542 cases who are clinically well but still test positive for COVID-19 are isolated and cared for at Concord International Hospital, Mount Elizabeth Hospital, Gleneagles Hospital, Mount Alvernia Hospital, Mount Elizabeth Novena Hospital and the Community Isolation Facility at D'Resort NTUC. 6 have passed away from complications due to COVID-19 infection.

For more details, refer to MOH's press release.
