As of 11 April 2020, 12pm, the Ministry of Health (MOH) has confirmed an additional 191 cases of COVID-19 infection in Singapore.

Among the cases:

- 0 imported
- 52 are linked to known clusters
- 20 are linked to other cases
- 119 are pending contact tracing

Among the linked cases:

- 51 cases were linked to clusters at foreign worker dormitories
- 21 were linked to non-dormitory clusters

35 more cases of COVID-19 infection have been discharged from hospitals or community isolation facilities. Of the 943 confirmed cases who are still in hospital, most are stable or improving. 31 are in critical condition in the intensive care unit.

820 cases who are clinically well but still test positive for COVID-19 are isolated and cared for at community facilities.

Another death due to COVID-19

A 90 year-old male Singapore Citizen, has passed away from complications due to COVID-19 infection on 11 April 2020 morning. He was confirmed to have COVID-19 infection on 3 April and was admitted to the National Centre for Infectious Diseases (NCID) on the same day. NCID has reached out to his family and is extending assistance to them.

To date, 8 have passed away from complications due to COVID-19 infection.

For more details, refer to MOH's press release.
