

COVID-19: Cases in Singapore

An update of the latest confirmed cases in Singapore

min read | Published on 31 Jul 2020

As of 31 July 2020, 12pm, the Ministry of Health (MOH) has confirmed 396 new cases of COVID-19 infection in Singapore.

Among the cases:

- Imported case: **3**
 - 2 Singaporeans/Permanent Residents, 1 Dependant's Pass holder

Amongst the 3 imported cases, 2 are Singaporeans/ Permanent Residents who returned to Singapore from India on 3 July and 19 July. The remaining case is a Dependant's Pass holder who arrived from India on 19 July. All of them had been placed on 14-day Stay-Home Notice (SHN) upon arrival in Singapore, and were serving their SHN at dedicated facilities. They had been tested while serving their SHN.

- Cases in the community: **3**
 - 1 Work Pass holder, 1 Work Permit holder, 1 Short-Term Visit Pass holder

Of the 3 cases in the community, 1 was picked up as a result of our proactive surveillance and screening, and 1 had already been placed on quarantine earlier. 2 of the cases are asymptomatic, and were detected through our proactive testing.

Overall, the number of new cases in the community has decreased, from an average of 8 cases per day in the week before, to an average of 3 per day in the past week. The number of unlinked cases in the community has also decreased, from an average of 4 cases per day in the week before, to an average of 1 per day in the past week.

- Cases residing in dormitories: **390**

Of the new cases, 99% are linked to known clusters, the rest are pending contact tracing.

183 more cases of COVID-19 infection have been discharged from hospitals or community isolation facilities. In all, 46,491 have fully recovered from the infection and have been discharged from hospitals or community care facilities.

Most of the 136 confirmed cases who are still in hospital are stable or improving. None is in the intensive care unit.

5,551 cases who have mild symptoms, or are clinically well but still test positive for COVID-19 are isolated and cared for at community facilities.

27 have passed away from complications due to COVID-19 infection.
