Listen

As of 10 November 2020, 12pm, the Ministry of Health (MOH) has confirmed and verified 2 new cases of locally transmitted COVID-19 infection. Of these, 1 is in the community, and 1 resides in a dormitory. In addition, there are 7 imported cases, who had already been placed on Stay-Home Notice (SHN) or isolated upon arrival. Amongst the new cases today, 7 are asymptomatic, and were detected from our proactive screening and surveillance, while 2 were symptomatic.

Overall, the number of new cases in the community has remained low, with a total of 2 cases in the past week. Both cases are currently unlinked.

Among the cases:

- Cases in the community: **1 (1 symptomatic)**

There is 1 case in the community today who is currently unlinked. The case was last at work as a cleaner on 2 November. He developed symptoms a day later, and sought medical treatment at a General Practitioner clinic, where he was tested for COVID-19 under enhanced community testing to test all individuals aged 13 and above who are diagnosed with ARI at first presentation to a doctor.

- Cases residing in dormitories: **1 (1 asymptomatic)**

There is 1 case residing in a dormitory today. He was detected through the bi-weekly Rostered Routine Testing of workers living in dormitories.

29 Aug onwards

---

Updates to border measures for low-risk countries/regions from 1 Sep

---
