Last updated on 12 Nov 2020

As of 12 November 2020, 12pm, the Ministry of Health (MOH) has confirmed and verified that there are no new cases of locally transmitted COVID-19 infection. There are 11 imported cases, who had already been placed on Stay-Home Notice (SHN) or isolated upon arrival in Singapore. Amongst the new cases today, 9 are asymptomatic, and were detected from our proactive screening and surveillance, while 2 were symptomatic.

Overall, the number of new cases in the community has remained low, with a total of 1 case in the past week, which is currently unlinked.

Amongst the cases:

- Cases in the community: **0**

There are no cases in the community today.

- Cases residing in dormitories: **0**

There are no cases residing in dormitories today.

- Imported cases: **11 (2 symptomatic, 9 asymptomatic)**

Amongst the 11 imported cases, 1 is a Singaporean who returned from the UAE and 3 are Singapore Permanent Residents who returned from Bahrain and India. Another 4 are currently employed in Singapore. Of these, 2 are Work Pass holders who arrived from Nepal, and 2 are Work Permit holders who arrived from Indonesia. The remaining cases are a Dependant's Pass holder who arrived from Pakistan, and 2 Short-Term Visit Pass holders who arrived from Indonesia and Myanmar to visit their family members in Singapore.

They had all already been placed on SHN upon arrival in Singapore and were tested while serving SHN.

12 more cases of COVID-19 infection have been discharged from hospitals or community isolation facilities. In all, 58,002 have fully recovered from the infection and have been discharged from hospitals or community care facilities.

Most of the 48 confirmed cases who are still in hospital are stable or improving. None is in the intensive care unit.

24 cases who have mild symptoms, or are clinically well but still test positive for COVID-19 are isolated and cared for at community facilities.

28 have passed away from complications due to COVID-19 infection.
