Listen

As of 8 December 2020, 12pm, the Ministry of Health (MOH) has confirmed and verified that there are no new cases of locally transmitted COVID-19 infection. There are 12 imported cases, who had already been placed on Stay-Home Notice (SHN) upon arrival in Singapore. Amongst the new cases today, 9 are asymptomatic, and were detected from proactive screening and surveillance, while 3 were symptomatic.

Overall, the number of new cases in the community has remained low, with a total of 1 case in the past week, who is linked to a previous case.

- Cases in the community: **0**

There are no cases in the community today.

- Cases residing in dormitories: **0**

There are no cases residing in dormitories today.

- Imported cases: **12 (3 symptomatic, 9 asymptomatic)**

Amongst the 12 imported cases, 1 is a Singaporean and 2 are Singapore Permanent Residents who returned from the UK, India and Indonesia respectively. Another 8 cases are Work Permit holders currently employed in Singapore who arrived from Indonesia and Myanmar. The remaining case, a Short-Term Visit Pass holder who arrived from Qatar, was already receiving medical care in Singapore and had returned for further treatment. They had already been placed on

SHN upon arrival in Singapore and were tested while serving SHN.

8 more cases of COVID-19 infection have been discharged from hospitals or community isolation facilities. In all, 58,176 have fully recovered from the infection and have been discharged from hospitals or community care facilities.

Most of the 23 confirmed cases who are still in hospital are stable or improving. None is in critical condition in the intensive care unit.

57 cases who have mild symptoms, or are clinically well but still test positive for COVID-19 are isolated and cared for at community facilities.

29 have passed away from complications due to COVID-19 infection.
