- Imported cases: **6 (1 symptomatic, 5 asymptomatic)**

Amongst the 6 imported cases, 1 is a Singaporean and 2 are Singapore Permanent Residents who returned from Indonesia and India respectively. Another 3 are Work Permit holders currently employed in Singapore who arrived from Indonesia. They had already been placed on SHN upon arrival in Singapore and were tested while serving SHN.

6 more cases of COVID-19 infection have been discharged from hospitals or community isolation facilities. In all, 58,182 have

fully recovered from the infection and have been discharged from hospitals or community care facilities.

Most of the 20 confirmed cases who are still in hospital are stable or improving. None is in critical condition in the intensive care unit.

60 cases who have mild symptoms, or are clinically well but still test positive for COVID-19 are isolated and cared for at community facilities.

29 have passed away from complications due to COVID-19 infection.
