

COVID-19: Cases in Singapore

An update of the latest confirmed cases in Singapore

Min Read | Published on 10 Dec 2020 | Last updated on 10 Dec 2020

As of 10 December 2020, 12pm, the Ministry of Health (MOH) has confirmed and verified that there are no new cases of locally transmitted COVID-19 infection. There are 6 imported cases, who had already been placed on Stay-Home Notice (SHN) upon arrival in Singapore. Amongst the new cases today, 4 are asymptomatic, and were detected from proactive screening and surveillance, while 2 were symptomatic.

Overall, the number of new cases in the community has remained low, with a total of 1 case in the past week, who is linked to a previous case.

- Cases in the community: **0**

There are no cases in the community today.

- Cases residing in dormitories: **0**

There are no cases residing in dormitories today.

- Imported cases: **6 (2 symptomatic, 4 asymptomatic)**

Amongst the 6 imported cases, 4 are Singaporeans and 1 is a Singapore Permanent Resident who returned from Indonesia, US, UK and Pakistan respectively. The remaining case is a Dependant's Pass holder who arrived from Russia. They had already been placed on SHN upon arrival in Singapore and were tested while serving SHN.

6 more cases of COVID-19 infection have been discharged from hospitals or community isolation facilities. In all, 58,188 have fully recovered from the infection and have been discharged from hospitals or community care facilities.

Most of the 20 confirmed cases who are still in hospital are stable or improving. None is in critical condition in the intensive care unit.

60 cases who have mild symptoms, or are clinically well but still test positive for COVID-19 are isolated and cared for at community facilities.

29 have passed away from complications due to COVID-19 infection.
