## What is the situation in Northern Ireland?

The Public Health Agency has been working closely with the Department of Health in the development of a new dashboard for COVID-19 statistics. The Department’s dashboard is available at [www.pha.site/cvdashboard](http://www.pha.site/cvdashboard) and replaces the Daily Surveillance Bulletin published by the PHA up to 19 April 2020.

The new dashboard provides information relating to patient admissions and discharges, outbreaks in care settings, bed occupancy, and ICU occupancy, as well as regional and local statistics.

The dashboard will be updated daily by the DoH and is available via the Department’s website at [www.pha.site/cvdashboard](http://www.pha.site/cvdashboard)

The Public Health Agency COVID-19 advice page can be found [here](#). Previous surveillance reports can be found [here](#).
