Coronavirus (COVID-19): daily data for Scotland

Published: 11 Oct 2020

Directorate: Chief Medical Officer Directorate

Part of: Coronavirus in Scotland, Health and social care

This is updated each day to provide the latest available data on COVID-19 in Scotland.

Scottish numbers: 11 October 2020

Summary

- 956 new cases of COVID-19 reported; this is 14.9%* of newly tested individuals
- 0 new reported death(s) of people who have tested positive (noting that Register Offices are now generally closed at weekends)
- 35 people were in intensive care yesterday with recently confirmed COVID-19
- 449 people were in hospital yesterday with recently confirmed COVID-19
- 18,022 new tests for COVID-19 that reported results
- * the approach used to calculate this percentage using only newly tested individuals is under review. Further information is provided on the <u>Data definitions and sources</u> webpage.

Local area data

• Public Health Scotland's <u>interactive dashboard</u> on w provides a map showing the number of cases in local areas, as well as trends for local authorities and NHS boards
