# Coronavirus in Scotland

Protect yourself and others:

- stay at home
- only go outside for essential food, health and work reasons
- stay 2 metres (6 feet) away from other people
- wash your hands regularly
- wash your hands as soon as you get home

## Coronavirus symptoms

The most common symptoms of COVID-19 are a new continuous cough and/or a fever/high temperature (37.8C or greater).

A new continuous cough is where you:

- have a new cough that's lasted for an hour
- have had 3 or more episodes of coughing in 24 hours
- are coughing more than usual

## Health advice

Health advice can be found on: [NHS Inform](#).

A free helpline can give advice if you do not have symptoms, but are looking for general advice: 0800 028 2816.

The [latest information and advice for professionals and organisations](#) is on the Health Protection Scotland website.

Overseas visitors to Scotland, regardless of their residency status, are exempt from NHS charges for both the diagnosis and treatment of coronavirus (COVID-19).

## Scottish information updates: 5 May 2020

A total of 63,311 people in Scotland have been tested. Of these:

- 50,874 were confirmed negative
- 12,437 were positive
- 1,620 patients who tested positive have died

These figures will be an underestimate. Not everyone with COVID-19 will display symptoms and not all those with symptoms will be tested.

The Department of Health publishes [UK figures](#) on behalf of all UK Chief Medical Officers. Test results from Scotland are included in the overall UK figure.

Management information reported by NHS Boards shows

- 104 patients with confirmed or suspected COVID-19 were in intensive care last night, with 91 of those having tested positive
- There were 1,225 people in Scottish hospitals with confirmed COVID-19 (including those in intensive care), and a further 431 where it was suspected.

View the [full daily data for Scotland](#), which includes NHS Board data on the above, and other management information such as number of 111 calls, care homes with outbreaks, and NHS absences.

The latest numbers will publish at 2pm each day. Find out about the [process for daily reporting of COVID-19 deaths](#).

The latest weekly report on COVID-19 related deaths (including those where COVID-19 is suspected) is available from [National Records of Scotland \(NRS\)](#).

This report provides report provides a breakdown of deaths by age, sex, setting (hospital, care home or home) and area (NHS Board area and Local Authority). It is updated every Wednesday.

## Deaths of health and social care workers related to COVID-19

As at 28 April, the Scottish Government has been notified by Health Boards or the Care Inspectorate of 6 deaths of healthcare workers and 5 deaths of social care workers, related to COVID-19. We are not able to confirm how many of these staff contracted COVID-19 through their work. We will update this information every Wednesday.

## Business, third sector or voluntary organisations – offering support

Businesses, third sector or voluntary organisations can [offer to help with the response to coronavirus by completing an online form](#).

If your offer is for NHS Scotland, use the [NHS Scotland Supply Offers Portal](#).
