## PUBLICATION - TRANSPARENCY DATA

# Coronavirus (COVID-19): daily data for Scotland

Published: **4 Jun 2020**

Directorate: [Chief Medical Officer Directorate](#)

Part of: [Coronavirus in Scotland, Health and social care](#)

This is updated each day to provide the latest available data on COVID-19 in Scotland.

## Scottish numbers: 4 June 2020

- 49 new confirmed cases of COVID-19
- 9 new reported death of people who have tested positive

A total of 120,601 people in Scotland have been tested through NHS labs to date. Of these:

- 105,048 were confirmed negative
- 15,553 were positive

This will be an underestimate of the number of cases. Not everyone with the virus will display symptoms and not all those with symptoms will be tested.

Of the people who have tested positive:

- 3,758 inpatients have been discharged from hospital since 5 March
- 658 were in hospital last night: 18 of whom were in intensive care; plus 10 more people in intensive care with suspected COVID-19
- 2,395 have died

Previous data for the figures reported are available at: [Trends in daily data](#)

## Data by health board

Health board	Total confirmed cases to date	People in hospital at midnight (confirmed)	People in intensive care at midnight (confirmed or suspected)
Ayrshire and Arran	1071	8	*
Borders	325	*	*
Dumfries and Galloway	261	*	*
Fife	877	57	*
Forth Valley	944	14	*
Grampian	1283	66	*
