PRESS RELEASE

UPDATE ON THE COVID-19 OUTBREAK IN UGANDA

20th April, 2020- The Ministry of Health confirms two COVID -19 positive cases: one (1) case from 929 samples tested from truck drivers at border points of entry and one (1) from 248 samples taken from the community and quarantine centres. A total of 1,177 samples were tested today at the Uganda Virus Research Institute (UVRI). The total number of confirmed COVID-19 cases now is 58 (This includes the 2 Kenyans truck drivers who are currently being treated in Uganda).

The International Health Regulations (IHR) requires that every case that is tested and confirmed for a particular disease should be registered as the host country's case. It is therefore against the background that Uganda will capture all COVID-19 positive foreigners including truck drivers as part of her confirmed cases and treated in Uganda.

To-date, 5 truck drivers (1 Ugandan, 1 Tanzanian and 3 Kenyans) have tested positive for COVID-19. Out of these, 2 truck drivers (1 Tanzanian and 1 Kenyan)

TALKING POINTS ON CORONA VIRUS

An outbreak of Coronavirus (COVID-19) was declared by the People's Republic of China on 31st December 2019. This outbreak...
