## Guidelines for the use of Masks

<b>1. What are the types of masks on the Ugandan market?</b>	<p>There are two types of masks on the Ugandan market namely:</p> <ul style="list-style-type: none"> <li>• Medical</li> <li>• Non-Medical</li> </ul> <p>The medical masks include: N95, H95, and surgical masks.</p> <ul style="list-style-type: none"> <li>• The non-medical masks are made out of fabric (cloth)</li> <li>• Medical masks should be reserved for health workers in health facilities and are not available since it is used in hospital environment. It is highly cost and protects various infectious organisms, and to reduce surgery.</li> </ul>
<b>2. How do face masks work?</b>	<ul style="list-style-type: none"> <li>• COVID-19 is spread through sneezing, coughing, talking and breathing.</li> <li>• When an infected person wears a face mask, the mask blocks the virus from coming through sneezing, coughing, talking and breathing.</li> <li>• The mask also prevents droplets from an infected person reaching the nose and mouth of the person wearing it.</li> </ul>
<b>3. What type of masks should be used by the community?</b>	<ul style="list-style-type: none"> <li>• The community is encouraged to use non-medical masks (masks made out of fabric or paper).</li> <li>• A paper/cloth mask with a filter material (e.g. paper filter) or coffee filter or any material that makes it often used for non-patient (protecting high ground) between the 2 people who interact the mask. The material acts as a filter and can be removed before wearing. The procedure is available and available.</li> </ul>
<b>4. How preferable are cloth and other face-masks?</b>	<ul style="list-style-type: none"> <li>• "Wearing a cloth cover mask is considered a 'face mask' if it can be worn over the nose, mouth and chin." (Report from CDC)</li> </ul>
<b>5. Who should wear a mask?</b>	<ul style="list-style-type: none"> <li>• All adults</li> <li>• Children aged 6 years and above (those with breathing difficulties) should seek advice from medical personnel.</li> <li>• Children aged 2-5 years are very active and cannot take care of their masks and observe hygiene. They should only put on masks under close supervision.</li> <li>• Children below 2 years should not wear a mask as they have a small lung capacity.</li> </ul>
