Coronavirus (COVID-19): daily data for Scotland

Published: 26 Oct 2020

Directorate: [Chief Medical Officer Directorate](#) Part of: [Coronavirus in Scotland, Health and social care](#)

This is updated each day to provide the latest available data on COVID-19 in Scotland.

Scottish numbers: 26 October 2020

Summary

- 1,122 new cases of COVID-19 reported
- 1 new reported death(s) of people who have tested positive (noting that Register Offices are now generally closed at weekends)
- 90 people were in intensive care yesterday with recently confirmed COVID-19
- 1,052 people were in hospital yesterday with recently confirmed COVID-19
- 17,681 new tests for COVID-19 that reported results – 7.1% of these were positive*

* We have reviewed the use of this percentage, and will focus in the future on percent of tests that are positive. Please see [this article](#) for details.

Local area data

- Public Health Scotland's [interactive dashboard](#)  now provides a map showing the number of cases in local areas, as well as trends for local authorities and NHS boards
