# Coronavirus (COVID-19): daily data for Scotland

Published: **21 Dec 2020**

Directorate: [Chief Medical Officer Directorate](#) Part of: [Coronavirus in Scotland, Health and social care](#)

This is updated each day to provide the latest available data on COVID-19 in Scotland.

---

## Scottish numbers: 21 December 2020

### Summary

- 1,504\* new cases of COVID-19 reported
- 0 new reported death(s) of people who have tested positive (noting that Register Offices are now generally closed at weekends)
- 59 people were in intensive care yesterday with recently confirmed COVID-19
- 1,078 people were in hospital yesterday with recently confirmed COVID-19
- 28,051 new tests for COVID-19 that reported results – 6.0% of these were positive

### Local area data

- Public Health Scotland's [interactive dashboard](#)  now provides a map showing the number of cases in local areas, as well as trends for local authorities and NHS boards

\* The increased number of new cases today (when compared with 934 reported yesterday) may have been affected by backlog issues at UK Government laboratories over the weekend.
