Coronavirus (COVID-19): daily data for Scotland

Published: **27 Dec 2020**

Directorate: [Chief Medical Officer Directorate](#)

Part of: [Coronavirus in Scotland](#), [Health and social care](#)

This is updated each day to provide the latest available data on COVID-19 in Scotland.

Scottish numbers: 27 December 2020

Summary

- 740 new cases of COVID-19 reported

- 6,793 new tests for COVID-19 that reported results – 12.3% of these were positive

During the festive period, daily updates will be published to provide the latest data on the number of new cases of COVID-19 and the test positivity rate. Over the holiday weekends of 25-28 December and 1-4 January there will be no updates to the remaining statistics – you can access the latest available data in the sections below. These will be updated on Tuesday 29 December and Tuesday 5 January – we will provide the latest daily data for that day and the previous 4 days.

Local area data

- Public Health Scotland's [interactive dashboard](#) now provides a map showing the number of cases in local areas, as well as trends for local authorities and NHS boards
