# Coronavirus (COVID-19): daily data for Scotland

Published: **28 Dec 2020**

Directorate: [Chief Medical Officer Directorate](#) Part of: [Coronavirus in Scotland, Health and social care](#)

This is updated each day to provide the latest available data on COVID-19 in Scotland.

---

## Scottish numbers: 28 December 2020

### Summary

- 967 new cases of COVID-19 reported
- 8819 new tests for COVID-19 that reported results – 12.2% of these were positive

During the festive period, daily updates will be published to provide the latest data on the number of new cases of COVID-19 and the test positivity rate. Over the holiday weekends of 25 to 28 December and 1 to 4 January there will be no updates to the remaining statistics – you can access the latest available data in the sections below. These will be updated on Tuesday 29 December and Tuesday 5 January – we will provide the latest daily data for that day and the previous 4 days.

### Local area data

- Public Health Scotland's [interactive dashboard](#)  now provides a map showing the number of cases in local areas, as well as trends for local authorities and NHS boards
