Coronavirus (COVID-19): daily data for Scotland

Published: **31 Mar 2021**

Directorate: [Chief Medical Officer Directorate](#) Part of: [Coronavirus in Scotland, Health and social care](#)

This is updated each day to provide the latest available data on COVID-19 in Scotland.

Scottish numbers: 31 March 2021

Summary

- 542 new cases of COVID-19 reported
- 28,144 new tests for COVID-19 that reported results – 2.1% of these were positive
- 6 new reported death(s) of people who have tested positive
- 21 people were in intensive care yesterday with recently confirmed COVID-19
- 237 people were in hospital yesterday with recently confirmed COVID-19
- 2,463,069 people have received the first dose of the Covid vaccination and 354,756 have received their second dose

Over the Easter weekend (2-5 April), daily updates will be published to provide headline statistics on new cases, test positivity rate, deaths and vaccinations. There will be no updates to the remaining statistics. These will be updated on Tuesday 6 April – we will provide the latest detailed daily data for that day and the previous 4 days.

Local area data

- Public Health Scotland's [interactive dashboard](#)  provides a map showing the number of cases in local areas, as well as trends for local authorities and NHS boards.
