Coronavirus (COVID-19): daily data for Scotland

Published: 7 Apr 2021

Directorate: <u>Chief Medical Officer Directorate</u> Part of: <u>Coronavirus in Scotland</u>, <u>Health and social care</u>

This is updated each day to provide the latest available data on COVID-19 in Scotland.

(+

Scottish numbers: 7 April 2021

Summary

- 289 new cases of COVID-19 reported
- 22,093 new tests for COVID-19 that reported results 1.5% of these were positive
- 5 new reported death(s) of people who have tested positive
- 21 people were in intensive care yesterday with recently confirmed COVID-19
- 192 people were in hospital yesterday with recently confirmed COVID-19
- 2,593,932 people have received the first dose of the Covid vaccination and 479,239 have received their second dose

Over weekends daily updates will be published to provide headline statistics on new cases, test positivity rate, deaths and vaccinations. There will be no updates to the remaining statistics. These will be updated on Mondays – we will provide the latest detailed daily data for that day and the previous 2 days.

Local area data

• Public Health Scotland's interactive dashboard reprovides a map showing the number of cases in local areas, as well as trends for local authorities and NHS boards.
