PUBLICATION - TRANSPARENCY DATA

Coronavirus (COVID-19): daily data for Scotland

Directorate: [Chief Medical Officer Directorate](#)

Part of: [Coronavirus in Scotland, Health and social care](#)

This is updated each day at 2pm to provide the latest available data on COVID-19 in Scotland. On Saturday and Sunday, only the headline statistics on new cases, test positivity rate, deaths and vaccinations will be updated. On Monday, the update will include the latest detailed daily data for that day, and Saturday and Sunday.

Scottish numbers: 12 April 2021

Summary

- 199 new cases of COVID-19 reported
- 9,797 new tests for COVID-19 that reported results – 2.4% of these were positive
- 0 new reported death(s) of people who have tested positive (noting that register offices are now generally closed on weekends)
- 21 people were in intensive care yesterday with recently confirmed COVID-19
- 154 people were in hospital yesterday with recently confirmed COVID-19
- 2,668,723 people have received the first dose of the Covid vaccination and 590,174 have received their second dose

Local area data

- Public Health Scotland's [interactive dashboard](#)  provides a map showing the number of cases in local areas, as well as trends for local authorities and NHS boards.
