PUBLICATION - TRANSPARENCY DATA

Coronavirus (COVID-19): daily data for Scotland

Directorate: [Chief Medical Officer Directorate](#)

Part of: [Coronavirus in Scotland, Health and social care](#)

This is updated each day at 2pm to provide the latest available data on COVID-19 in Scotland. On Saturday and Sunday, only the headline statistics on new cases, test positivity rate, deaths and vaccinations will be updated. On Monday, the update will include the latest detailed daily data for that day, and Saturday and Sunday.

Scottish numbers: 13 April 2021

Summary

- 221 new cases of COVID-19 reported
- 15,354 new tests for COVID-19 that reported results – 1.6% of these were positive
- 3 new reported death(s) of people who have tested positive
- 20 people were in intensive care yesterday with recently confirmed COVID-19
- 133 people were in hospital yesterday with recently confirmed COVID-19
- 2,682,706* people have received the first dose of the Covid vaccination and 605,126* have received their second dose

*Please note that today's vaccination figures exclude data from GP systems on Sunday 11 April

Local area data

- Public Health Scotland's [interactive dashboard](#)  provides a map showing the number of cases in local areas, as well as trends for local authorities and NHS boards.
