

Daily summary

Individuals who have received a first dose of COVID-19 vaccine*	1,273,186
Individuals who have received a two dose course of COVID-19 vaccine*	346,058

*These figures are a daily cumulative snapshot of vaccinations given and recorded electronically as at 22:00 yesterday. Data entry will be incomplete at time of this daily report and the number of people vaccinated will be higher than these totals. Ongoing data entry will feed through into future updates. The data in this table are deduplicated so that people should not be 'double-counted', even if they appear in multiple priority groups.

Uptake of the first dose, by priority group

Group	Group size (n)	Received 1st dose (n)	Received 2nd dose (n)	1st dose uptake (%)	2nd dose uptake (%)
Care home residents	13,718	13,167	7,525	96.0%	54.9%
Care home worker	37,803	32,812	25,051	86.8%	66.3%
Health care worker	142,064	128,315	108,177	90.3%	76.1%
Social care worker		42,329	33,331		
80 years and older	175,710	166,367	27,945	94.7%	15.9%
Aged 75-79 years	133,409	127,082	46,445	95.3%	34.8%
Aged 70-74 years	183,758	174,043	62,135	94.7%	33.8%
Clinically extremely vulnerable aged 16-69 years	81,449	73,801	12,901	90.6%	15.8%
Aged 65-69 years	180,408	166,311	22,270	92.2%	12.3%
Clinical risk groups aged 16-64 years	347,282	240,271	8,890	69.2%	2.6%
Aged 60-64 years	205,547	165,292	20,959	80.4%	10.2%
Aged 55-59 years	233,437	117,479	27,521	50.3%	11.8%
Aged 50-54 years	227,727	88,026	26,593	38.7%	11.7%

Uptake figures now exclude data on those who have died from any cause. This planned development was applied retrospectively on 02/03/21 and has resulted in 'one-off' increases in uptake in older age groups and in care home residents, as a result of cumulative data changes since reporting began in December 2020. This provides a more accurate picture of vaccination coverage in the current Wales resident population.

The figures for care home residents, age-groups and clinical risk groups only include people who are recorded as Wales residents. The figures for care home staff, health care workers and social care workers may include people who work in Wales, but live elsewhere. Figures for care home residents and care home workers are based on care homes for older adults. Figures for adults aged 16 to 65 years in an at-risk group do not include Clinically Extremely Vulnerable adults, data collection and collation for this group is still underway and there may be changes to the reported group size.

The groups in each line of the table are not mutually exclusive and people may appear in more than one. For example, people aged 80 years and older who live in a care home will appear in the rows for "80 years and older" and "Care home residents". All data presented in this table come from the Welsh Immunisation System (WIS). The data undergo continuing quality assurance and as a result there may be fluctuations on a day to day basis in group size totals and coverage. Following data quality improvement work, the numbers of people classified as care home workers has changed compared to figures presented before 26th February. Not all data fields within WIS are complete for everyone and there will be a number of individuals who cannot currently be classified into priority groups 1 to 9. These individuals are allocated into their appropriate group totals as data completeness improves. The national Group Size figure for social care workers is not available, an estimate for percentage coverage in this group will be added to this table shortly. All data presented here are a provisional snapshot of activity and will be subject to future revision.

Weekly summary

The below weekly summary shows total doses of Coronavirus vaccine administered by health board, and is updated every Thursday.

As at the week ending 14 March 2021, a total of **1,393,792** doses of COVID-19 vaccine were given in Wales and recorded in the COVID-19 Welsh Immunisation System.

Of the 1,393,792 doses given nationally, **1,128,823** were first doses and **264,969** were second doses.

Data entry at time of reporting will be incomplete and the number of people actually vaccinated will be higher. The figures below represent a weekly snapshot in activity recorded electronically. Ongoing data entry for vaccinations already given will feed through into future weekly updates.

Summary by health board/ trust of vaccination

Vaccinating Local Health Board/ Trust	Total doses
Aneurin Bevan University Health Board	278,365
Betsi Cadwaladr University Health Board	319,640
Cardiff and Vale University Health Board	191,367
Cwm Taf Morgannwg University Health Board	186,513
Hwyel Dda University Health Board	169,884
Powys Teaching Health Board	68,207
Swansea Bay University Health Board	170,469
Public Health Wales	157
Velindre NHS Trust	9,025
Unknown	165
Wales Total	1,393,792

Summary by health board of residence

Local Health Board Residence	Total doses
Aneurin Bevan University Health Board	279,401
Betsi Cadwaladr University Health Board	311,534
Cardiff and Vale University Health Board	191,055
Cwm Taf Morgannwg University Health Board	188,893
Hwyel Dda University Health Board	170,367
Powys Teaching Health Board	63,265
Swansea Bay University Health Board	167,215
Unknown	4,645
Wales Total	1,376,375

'Unknown' indicates where vaccination records contained incomplete vaccinator or clinic details.

Data presented here give numbers of vaccinations given in Wales and recorded electronically, the actual numbers of vaccinations given will be higher due to ongoing data entry. The figure in the first table above includes 17,417 people who received their vaccination in Wales, but who were resident outside of Wales.
