COVID-19 Vaccine

The COVID-19 Hotline (800) 722-5725 can answer general COVID-19 vaccine questions.

The Kentucky Department for Public Health (KDPH) supports Governor Andy Beshear's prioritization of health care as a basic human right and believes every Kentucky family deserves to see a doctor and receive treatment.

Recognizing that COVID-19-related deaths currently rank third among causes of death in Kentucky, KDPH is planning for the equitable distribution of a safe and effective COVID-19 vaccine that will advance Governor Beshear's healthcare priority. Vaccine distribution details, including the number of doses and allocation plan, are expected to change frequently. **Please visit this page for regular updates.**

Guidance for COVID-19 Quarantine for Vaccinated Persons New

Kentucky COVID-19 Vaccine Monitoring

Current as of March 25, 2021

Total First Dose Allocated to KY *Updated on Tuesday for receipt of weekly Federal Allocation Direct Federal Allocation 76,050 1,304,925 1,380,975 Total Number of Unique Persons Vaccinated in KY *Updated Daily 1,138,350
