## COVID-19 Vaccine

The COVID-19 Hotline (800) 722-5725 can answer general COVID-19 vaccine questions.

The Kentucky Department for Public Health (KDPH) supports Governor Andy Beshear’s prioritization of health care as a basic human right and believes every Kentucky family deserves to see a doctor and receive treatment.

Recognizing that COVID-19-related deaths currently rank third among causes of death in Kentucky, KDPH is planning for the equitable distribution of a safe and effective COVID-19 vaccine that will advance Governor Beshear’s healthcare priority. Vaccine distribution details, including the number of doses and allocation plan, are expected to change frequently. **Please visit this page for regular updates.**

## Kentucky COVID-19 Vaccine Monitoring

Current as of April 3, 2021

Limited Reporting April 2-3, 2021 No Report April 4, 2021

### COVID-19 Vaccination Program-to-Date Performance

Total First Dose Allocated to KY <small>*Updated on Tuesday for receipt of weekly Federal Allocation</small>	Total Number of Unique Persons Vaccinated in KY <small>*Updated Daily</small>
Direct Federal Allocation	36,969
76,050	78,084
1,519,845	1,309,845
1,595,895	1,424,889

### Unique Persons Vaccinated and Weekly Percent Vaccine Allocation Utilization (Tues-Mon)

Week Beginning	New Persons Vaccinated	1st Dose Allocation	7 Day % Utilization
----------------	------------------------	---------------------	---------------------

Week Beginning	New Persons Vaccinated	1st Dose Allocation	7 Day % Utilization
Dec 15	10,213	38,025	27%
Dec 22	26,962	104,000	26%

[Show All Data](#)

Mar 2	127,110	130,210	97.6%
Mar 9	165,217	98,390	168%
Mar 16*	198,447	287,880	70%
Mar 23	128,197	149,010	86%
Mar 30	91,536	214,920	43%
	<b>1,387,929</b>	<b>1,595,895</b>	<b>87%</b>

\*One lump sum was added to March 16th of the Federal Rx program. Going forward, data will reflect a combined total from all other State and Federal Programs.
