COVID-19 Interactive Data Dashboard

Updated daily by 5 p.m.

The COVID-19 Daily Dashboard is now available in a more interactive format. All of the same data previously provided is still available, including: data on confirmed and probable cases, testing, hospitalizations, hospital capacity and deaths. Some information previously shown in the weekly dashboard is also included: age groups, race and ethnicity, and sex of cases, hospitalizations and deaths; and city/town specific metrics.

Raw data used to create the dashboard: COVID-19 Raw Data - January 5, 2021

County-Level COVID-19 Data Reporting

Updated each Wednesday

• County Level Positivity Rates - December 30, 2020

This chart summarizes the counts and rates of confirmed COVID-19 cases and tests performed in MA by county over the past 14 days. Congregate care and long term care facilities use the County Level Positivity Rates found in this chart to determine whether a sample of staff in their facility or all staff need to be tested as part of the surveillance testing programs.

COVID-19 Weekly State Facility Report

Updated each Wednesday.

• EOHHS COVID-19 Reporting

The EOHHS COVID-19 Reporting includes data on Executive Office of Health and Human Services (EOHHS) state-operated facilities and congregate care sites.

This data includes:

- Total residents/patients and staff as well as COVID-19 positive patients/residents and staff at EOHHS state-operated facilities
- Total residents and staff as well as COVID-19 positive residents and staff at congregate care sites under the Department of Developmental Services, Department of Children and Families, Department of Mental Health, Department of Public Health, Department of Youth Services, the Massachusetts Commission for the Blind, and the Massachusetts Rehabilitation Commission.
- EOHHS mobile testing program data
- Department of Corrections onsite testing data
