COVID-19 Interactive Data Dashboard

PLEASE NOTE: Today's dashboard includes an update to the total case numbers. DPH received corrected laboratory reports on approximately 1,500 cases that a lab had reported as positive. Retesting resulted in 863 of those cases being removed from the case counts.

Updated daily by 5 p.m.

If you are having difficulty viewing the dashboard on a mobile or tablet device, you can [Link to the Mobile View of the COVID-19 Dashboard](#).

The COVID-19 Daily Dashboard is now available in a more interactive format. All of the same data previously provided is still available, including: data on confirmed and probable cases, testing, hospitalizations, hospital capacity and deaths. Some information previously shown in the weekly dashboard is also included: age groups, race and ethnicity, and sex of cases, hospitalizations and deaths; and city/town specific metrics.
