### Oregon's Vaccination Trend: Doses Administered by Day

 $This chart shows the total number of {\tt COVID-19}\ vaccine\ doses that have been reported to {\tt Oregon's}\ ALERT\ IIS\ by$ day and manufacturer.

### People Vaccinated by Demographic Group

These tables show the number of people who have received COVID-19 vaccine as reported in Oregon's ALERT IIS by race, ethnicity, sex and age group.

# RACE/ETHNICITY<sub>††</sub>

Individuals contribute to the counts of only one racial/ethnic group.

|                                    | People Count | % of Total Persons<br>Vaccinated |
|------------------------------------|--------------|----------------------------------|
| American Indian / Alaska Native    | 32,702       | 2%                               |
| Asian                              | 92,352       | 5%                               |
| Black                              | 30,831       | 2%                               |
| Hispanic                           | 127,533      | 7%                               |
| Native Hawaiian / Pacific Islander | 18,148       | 1%                               |
| White                              | 1,289,034    | 70%                              |
| Other Race                         | 92,077       | 5%                               |
| Unknown                            | 168,271      | 9%                               |

# SEX

|         | People Count % of Total Persons Vaccin |     |
|---------|----------------------------------------|-----|
| Female  | 1,012,344                              | 55% |
| Male    | 830,130                                | 45% |
| Unknown | 8,474                                  | 0%  |
|         |                                        |     |

## AGE GROUPS

|          | People Count | % of Total Persons<br>Vaccinated |
|----------|--------------|----------------------------------|
| <19      | 56,903       | 3%                               |
| 20 to 29 | 209,545      | 11%                              |
| 30 to 39 | 275,687      | 15%                              |
| 40 to 49 | 275,888      | 15%                              |
| 50 to 59 | 282,327      | 15%                              |
| 60 to 64 | 162,921      | 9%                               |
| 65 to 69 | 186,709      | 10%                              |
| 70 to 74 | 164,063      | 9%                               |
| 75 to 79 | 107,334      | 6%                               |
| 80+      | 129,571      | 7%                               |

Check out Oregon Vaccination Rates >

<u>Data Source:</u> Oregon ALERT Immunization Information System (IIS) is a statewide, lifespan immunization registry.

COVID-19 vaccination data are provisional and subject to change. Note on 4/9/2021, the data contained in this data visualization were refreshed with a new extract out of ALERT IIS, meaning the data is more accurate and representative of what is contained in the live system.

COVID-19 vaccination providers must document vaccine administration in their medical record systems within 24 hours of administration, and use their best efforts to report administration data to ALERT IIS as soon as practicable and no later than 72 hours after administration.

ries complete differs from fully vaccinated. Series complete refers to an individual that has received 2 doses of a 2-dose series (Moderna or Pfizer) or 1 dose of a 1-dose series (Johnson 8 Johnson); people are sidered fully vaccinated 2 weeks after receiving their second dose of a 2-dose vaccine or 2 weeks after a single-dose vaccine. Per CDC's recommendation, individuals who have not passed the two week windoupleting fine reserves are NOT fully vaccinated and should continue staking <u>all precautions</u> until they are fully vaccinated.
