### Oregon's Vaccination Trend: Doses Administered by Day

This chart shows the total number of COVID-19 vaccine doses that have been reported to Oregon's ALERT IIS by day and manufacturer.

\*Doses administered during this time may not yet be reported.

Change the date range:

Doses Administered # # * The number of doses administered and people vaccinated may not match. Please see below for more detail.				
2,454,959	Pfizer			
<b>1,715,306</b> Moderna				
164,742	Johnson & Johns			
2,113	Unspecified			
4,337,120	Total Doses Ad			
**People Vaccinated				
243,288	Series In Progress			
2,122,292	Series Complete†			
2,365,580	Total People			

# People Vaccinated by Demographic Group

These tables show the number of people who have received COVID-19 vaccine as reported in Oregon's ALERT IIS by race, ethnicity, sex and age group. People are grouped by rarest racial properties of the propertand ethnic identity ††. The order of racial and ethnic groups from rarest to most common for the vaccination data is: Native Hawaiian and Pacific Islander, Black or African American, American Indian and Alaska Native, Hispanic or Latino/a/x, Asian, White, then Other Race. Rarest race methodology does not have a multiracial group.

### RAREST RACE/ETHNICITY<sub>††</sub>

Individuals contribute to the counts of only one racial/ethnic group.

American Indian / Alaska Native         50,491         2.1%           Asian         129,346         5.5%           Black         48,036         2.0%           Hispanic         189,296         8.0%           Native Hawaiian / Pacific Islander         25,424         1.1%           White         1,623,361         68.6%           Other Race         107,405         4.5%           Illiknown         192,221         8.1%		People Count	% of Total Persons Vaccinated
Black         48,036         2.0%           Hispanic         189,296         8.0%           Native Hawaiian / Pacific Islander         25,424         1.1%           White         1,623,361         68.6%           Other Race         107,405         4.5%	American Indian / Alaska Native	50,491	2.1%
Hispanic   189,296   8.0%     Native Hawalian / Pacific Islander   25,424   1.1%     White   1,623,361   68.6%     Other Race   107,405   4.5%	Asian	129,346	5.5%
Native Hawaiian / Pacific Islander         25,424         1.1%           White         1,623,361         68.6%           Other Race         107,405         4.5%	Black	48,036	2.0%
White         1,623,361         68.6%           Other Race         107,405         4.5%	Hispanic	189,296	8.0%
Other Race 107,405 4.5%	Native Hawaiian / Pacific Islander	25,424	1.1%
	White	1,623,361	68.6%
Unknown 192.221 8.1%	Other Race	107,405	4.5%
	Unknown	192,221	8.1%

### SEX

	People Count	% of Total Persons Vaccinated
Female	1,253,203	53.0%
Male	1,101,392	46.6%
Unknown	10,985	0.5%

# **AGE GROUPS**

	People Count	% of Total Persons Vaccinated
12 to 15	76,880	3.2%
16 to 19	101,927	4.3%
20 to 29	299,396	12.7%
30 to 39	361,861	15.3%
40 to 49	350,104	14.8%
50 to 59	350,917	14.8%
60 to 69	397,617	16.8%
70 to 79	290,092	12.3%
80+	136,773	5.8%

Check out Oregon Vaccination Rates ↗

<u>Data Source:</u> Oregon ALERT Immunization Information System (IIS) is a statewide, lifespan immunization registry.

Ess administered counts the number of vaccines administered; people vaccinated counts the number of unique individuals who received vaccine with valid dose numbers; doses with an invalid dose number, for uple due to unresolved duplicate vaccination reports, data entry errors, dose spacing errors, or mixed manufacturers for first and second dose, will not show up in the count for persons vaccinated it is anticipated <1% of coses will have an invalid dose number.

† Series complete differs from fully vaccinated. Series complete refers to an individual that has received 2 doses of a 2-dose series (Moderna or Pfizer) or 1 dose of a 1-dose series (Johnson & Johnson); people are considered fully vaccinated 2 weeks after receiving their second dose of a 2-dose vaccine or 2 weeks after a single-dose vaccine. Per CDC's recommendation, individuals who have not passed the two week window after completing their series are NOT fully vaccinated and should continue taking all precautions until they are fully vaccinated.
