

COVID-19 Vaccine Allocations in South Carolina

English | Español

Friday, January 22, 2021

This page will be updated regularly as information becomes available.

Total Doses Received
in South Carolina
424,950

Total Doses Administered
in South Carolina
211,789

• COVID-19 Pfizer-BioNTech Vaccine Allocation

Total Doses
Received
274,950

Administered
First Dose / Second Dose
145,216 / 36,434

Total Doses
Utilized
66%

Appointments Scheduled
Not including third-party providers
269,856

Until recently, the only COVID-19 vaccine available to Phase 1a individuals who were not long-term facility care residents or staff was the Pfizer-BioNTech vaccine. The information above reflects the information entered by vaccine providers into the federal Vaccine Administration Management System (VAMS) database*. Vaccine providers are [required](#) to log specific information about each vaccine they administer within 24 hours of administration.

Key points about vaccine allocation data include:

• Pfizer-BioNTech vaccine allocation by facility

• COVID-19 Moderna Vaccine Allocation

Total Doses Received
LTC Program / Non-LTC Program
86,400 / 63,000

Administered to Residents
Through LTC Program
20,408

Administered to Staff
Through LTC Program
9,731

Clinics Scheduled
Through LTC Program
755

The majority of the state's Moderna vaccine doses are currently allocated to the [CDC's Long-Term Care Program](#), which is a federal partnership between Walgreens and CVS pharmacies. These pharmacies are holding vaccination clinics at every long-term care facility in South Carolina, ensuring those most vulnerable to COVID-19 and the workers who care from them are prioritized for COVID-19 vaccine.

CVS and Walgreens began holding vaccine clinics at these facilities the week of December 28 and will continue to hold them until every facility resident and staff who wants vaccine receives both doses. Currently, only the Moderna vaccine is being used for this vaccination effort.

States have a limited role in this federal LTC Program, other than providing doses of vaccine. **Data and information about this program are recorded in a federal database called Tiberius; this information isn't managed by DHEC.**

• LTC Program: Moderna vaccine allocation by facility
