COVID-19 Vaccine Allocations in South Carolina

English | Español

SOUTH CAROLINA IS IN
PHASE 1A

THE COVID-19 VACCINE

Total Doses Received
in South Carolina
632,100

Total Doses Administered
in South Carolina
281,277

● Pfizer-BioNTech Vaccine Allocations

Total Doses
Received
351,000

Administered
First Dose / Second Dose
184,487 / 43,088

Total Doses
Utilized
65%

● Moderna Vaccine Allocations (Non-LTC Program)

Total Doses Received
77,700

Total Doses Administered
18,643

Total Doses Utilized
24%

Pfizer & Moderna Appointments Scheduled
Not including third-party providers
318,409

Until recently, the only COVID-19 vaccine available to Phase 1a individuals who were not long-term facility care residents or staff was the Pfizer-BioNTech vaccine. The Moderna vaccine is now also available to Phase 1a individuals. The information above reflects the information entered by vaccine providers into the federal Vaccine Administration Management System (VAMS) database. Vaccine **providers are required to log specific information** about each vaccine they administer within 24 hours.

Key points about vaccine allocation data include:

● Pfizer-BioNTech vaccine allocation by facility

● **Moderna Vaccine Allocations for** LTC Program

Total Doses Received *Through LTC Program* **203,400**
Administered to LTCF Residents *First Dose / Second Dose* **23,518 / 541**
Administered to LTCF Staff *First Dose / Second Dose* **10,788 / 212**
Clinics Scheduled *Through LTC Program* **757**

The majority of the state's Moderna vaccine doses are currently allocated to the **CDC's Long-Term Care Program**, which is a federal partnership between Walgreens and CVS pharmacies. These pharmacies are holding vaccination clinics at every long-term care facility in South Carolina, ensuring those most vulnerable to COVID-19 and the workers who care from them are prioritized for COVID-19 vaccine.

CVS and Walgreens began holding vaccine clinics at these facilities the week of December 28 and will continue to hold them until every facility resident and staff who wants vaccine receives both doses. Currently, only the Moderna vaccine is being used for this vaccination effort.

States have a limited role in this federal LTC Program, other than providing doses of vaccine.**Data and information about this program are recorded in a federal database called Tiberius; this information, as in the spreadsheets below, isn't managed by DHEC.**
