

COVID-19 Vaccine Allocations in South Carolina

English | Español

Tuesday, February 2, 2021

This page will be updated regularly as information becomes available.

SOUTH CAROLINA IS IN PHASE 1A

THE COVID-19 VACCINE

Total Doses Received in South Carolina
777,250

Total Doses Given in South Carolina
439,888

• Pfizer-BioNTech Vaccine Allocations

Total Doses Received
423,150

Given First Shot / Second Shot
254,615 / 66,423

Total Doses Used
76%

• Moderna Vaccine Allocations (Non-LTC Program)

Total Doses Received
150,700

Given First Shot / Second Shot
70,688 / 6

Total Doses Used
47%

Pfizer & Moderna Appointments Scheduled
Not including third-party providers
382,695

The information above and in the spreadsheets below reflects the data entered by vaccine providers into the federal Vaccine Administration Management System (VAMS) database. Vaccine providers are required to log specific information about each vaccine they administer within 24 hours. As indicated in the spreadsheets

below, several hospitals and health care facilities receive their vaccine shipments each week directly from the federal government; the shipments do not come to DHEC first.

Key points about vaccine allocation data include:

• Pfizer-BioNTech vaccine allocation by facility

Updated daily

 [February 2, 2021 - Pfizer BioNTech Vaccine Allocation](#)

 [February 1, 2021 - Pfizer BioNTech Vaccine Allocation](#)

January

• Moderna Vaccine Allocations for LTC Program

Total Doses Received
Through LTC Program
203,400

Given to LTCF Residents
First Shot / Second Shot
26,965 / 5,224

Given to LTCF Staff
First Shot / Second Shot
12,124 / 3,843

1st / 2nd Clinics Scheduled
Through LTC Program
1,525

3rd / 4th Clinics Scheduled
Through LTC Program
712

The majority of the state's Moderna vaccine doses are currently allocated to the [CDC's Long-Term Care Program](#), which is a federal partnership between Walgreens and CVS pharmacies. These pharmacies are holding vaccination clinics at every long-term care facility in South Carolina, ensuring those most vulnerable to COVID-19 and the workers who care from them are prioritized for COVID-19 vaccine.

CVS and Walgreens began holding vaccine clinics at these facilities the week of December 28 and will continue to hold them until every facility resident and staff who wants vaccine receives both doses. Currently, only the Moderna vaccine is being used for this vaccination effort.

States have a limited role in this federal LTC Program, other than providing doses of vaccine. **Data and information about this program are recorded in a federal database called Tiberius; this information, as in the spreadsheets below, isn't managed by DHEC.**

• LTC Program: Moderna Vaccine Allocation by Facility
