

# COVID-19 Vaccine Allocations in South Carolina

English | Español

Wednesday, February 3, 2021

This page will be updated regularly as information becomes available.

Total Doses Received  
in South Carolina  
**777,250**

Total Doses Given  
in South Carolina  
**440,823**

### • Pfizer-BioNTech Vaccine Allocations

Total Doses  
Received  
**423,150**

Given  
First Shot / Second Shot  
**264,903 / 69,261**

Total Doses  
Used  
**79%**

### • Moderna Vaccine Allocations (Non-LTC Program)

Total Doses  
Received  
**150,700**

Given  
First Shot / Second Shot  
**54,969 / 7**

Total Doses  
Used  
**36%**

Pfizer & Moderna Appointments Scheduled  
Not including third-party providers  
**387,352**

The information above and in the spreadsheets below reflects the data entered by vaccine providers into the federal Vaccine Administration Management System (VAMS) database. Vaccine providers are required to log specific information about each vaccine they administer within 24 hours. As indicated in the spreadsheets

below, several hospitals and health care facilities receive their vaccine shipments each week directly from the federal government; the shipments do not come to DHEC first.

Key points about vaccine allocation data include:

### • Pfizer-BioNTech vaccine allocation by facility

### • Moderna Vaccine Allocations for LTC Program

Total Doses Received  
Through LTC Program  
**203,400**

Given to LTCF Residents  
First Shot / Second Shot  
**27,780 / 6,944**

Given to LTCF Staff  
First Shot / Second Shot  
**12,235 / 4,724**

1st / 2nd Clinics Scheduled  
Through LTC Program  
**1,525**

3rd / 4th Clinics Scheduled  
Through LTC Program  
**705**

The majority of the state's Moderna vaccine doses are currently allocated to the [CDC's Long-Term Care Program](#), which is a federal partnership between Walgreens and CVS pharmacies. These pharmacies are holding vaccination clinics at every long-term care facility in South Carolina, ensuring those most vulnerable to COVID-19 and the workers who care from them are prioritized for COVID-19 vaccine.

CVS and Walgreens began holding vaccine clinics at these facilities the week of December 28 and will continue to hold them until every facility resident and staff who wants vaccine receives both doses. Currently, only the Moderna vaccine is being used for this vaccination effort.

States have a limited role in this federal LTC Program, other than providing doses of vaccine. Data and information about this program are recorded in a federal database called Tiberius; this information, as in the spreadsheets below, isn't managed by DHEC.
