COVID-19 Vaccine Allocations in South Carolina

English | Español

Thursday, February 4, 2021

This page will be updated regularly as information becomes available.

Total Doses Received in South Carolina
779,200

Total Doses Given in South Carolina
459,858

Pfizer-BioNTech Vaccine Allocations

Total Doses Received
425,150

Given First Shot / Second Shot
273,419 / 72,059

Total Doses Used
81%

Moderna Vaccine Allocations (Non-LTC Program)

Total Doses Received
150,700

Given First Shot / Second Shot
60,116 / 7

Total Doses Used
40%

Pfizer & Moderna Appointments Scheduled
Not including third-party providers
393,899

The information above and in the spreadsheets below reflects the data entered by vaccine providers into the federal Vaccine Administration Management System (VAMS) database. Vaccine providers are required to log specific information about each vaccine they administer within 24 hours. As indicated in the spreadsheets

below, several hospitals and health care facilities receive their vaccine shipments each week directly from the federal government; the shipments do not come to DHEC first.

Key points about vaccine allocation data include:

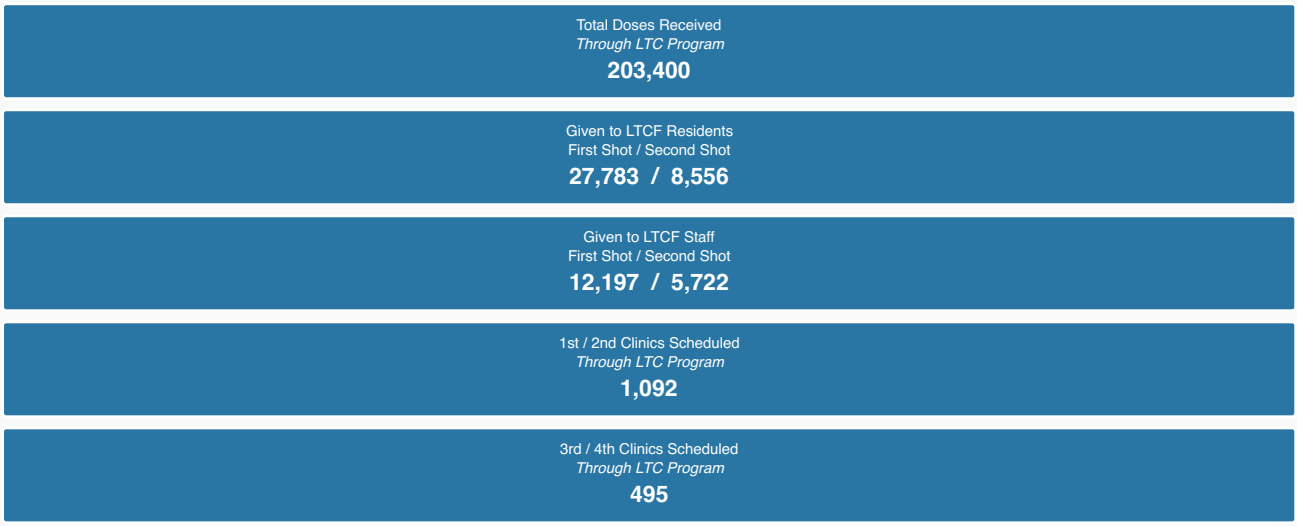
Pfizer-BioNTech vaccine allocation by facility

Updated daily

- February 4, 2021 - Pfizer BioNTech Vaccine Allocation
- February 3, 2021 - Pfizer BioNTech Vaccine Allocation
- February 2, 2021 - Pfizer BioNTech Vaccine Allocation
- February 1, 2021 - Pfizer BioNTech Vaccine Allocation

January

Moderna Vaccine Allocations for LTC Program



The majority of the state's Moderna vaccine doses are currently allocated to the CDC's Long-Term Care Program, which is a federal partnership between Walgreens and CVS pharmacies. These pharmacies are holding vaccination clinics at every long-term care facility in South Carolina, ensuring those most vulnerable to COVID-19 and the workers who care from them are prioritized for COVID-19 vaccine.

CVS and Walgreens began holding vaccine clinics at these facilities the week of December 28 and will continue to hold them until every facility resident and staff who wants vaccine receives both doses. Currently, only the Moderna vaccine is being used for this vaccination effort.

States have a limited role in this federal LTC Program, other than providing doses of vaccine. **Data and information about this program are recorded in a federal database called Tiberius; this information, as in the spreadsheets below, isn't managed by DHEC.**

LTC Program: Moderna Vaccine Allocation by Facility

Updated daily

- February 4, 2021 - Moderna Vaccine Allocation
- February 3, 2021 - Moderna Vaccine Allocation
- February 2, 2021 - Moderna Vaccine Allocation
- February 1, 2021 - Moderna Vaccine Allocation
