COVID-19 Vaccine Allocations in South Carolina

Monday, February 22, 2021
This page will be updated regularly as information becomes available.

SOUTH CAROLINA IS IN PHASE 1A

THE COVID-19 VACCINE

**Total Doses Received
in South Carolina
1,084,750**

**Total Doses Given
in South Carolina
774,028**

● **Pfizer-BioNTech Vaccine Allocations**

**Total Doses
Received
594,950**

**Given
First Shot / Second Shot
383,223 / 153,016**

**Total Doses
Used
90%**

● **Moderna Vaccine Allocations (Non-LTC Program)**

**Total Doses
Received
324,200**

**Given
First Shot / Second Shot
128,867 / 24,254**

**Total Doses
Used
47%**

Pfizer & Moderna Appointments Scheduled
Not including third-party providers
489,173

The information above and in the spreadsheets below reflects the data entered by vaccine providers into the federal Vaccine Administration Management System (VAMS) database. Vaccine providers are required to log specific information about each vaccine they administer within 24 hours. As indicated in the spreadsheets below, several hospitals and health care facilities receive their vaccine shipments each week directly from the federal government; the shipments do not come to

DHEC first.

Key points about vaccine allocation data include:

● Pfizer-BioNTech vaccine allocation by facility

● **Moderna Vaccine Allocations for** LTC Program

Total Doses Received *Through LTC Program* **165,600**

Given to LTCF Residents First Shot / Second Shot **27,345 / 26,836**

Given to LTCF Staff First Shot / Second Shot **13,028 / 17,459**

1st / 2nd Clinics Scheduled *Through LTC Program* **1,499**

3rd / 4th Clinics Scheduled *Through LTC Program* **701**

The majority of the state's Moderna vaccine doses are currently allocated to the **CDC's Long-Term Care Program**, which is a federal partnership between Walgreens and CVS pharmacies. These pharmacies are holding vaccination clinics at every long-term care facility in South Carolina, ensuring those most vulnerable to COVID-19 and the workers who care from them are prioritized for COVID-19 vaccine.

CVS and Walgreens began holding vaccine clinics at these facilities the week of December 28 and will continue to hold them until every facility resident and staff who wants vaccine receives both doses. Currently, only the Moderna vaccine is being used for this vaccination effort.

States have a limited role in this federal LTC Program, other than providing doses of vaccine.**Data and information about this program are recorded in a federal database called Tiberius; this information, as in the spreadsheets below, isn't managed by DHEC.**
