First Shot / Second Shot
(residents and non-residents)

20,427 / 13,925

1st / 2nd Clinics Scheduled
Through LTC Program

1,491

3rd Clinics Scheduled
Through LTC Program

683

The CDC's Long-Term Care Program is a federal partnership between Walgreens and CVS pharmacies. These pharmacies are holding vaccination clinics at every long-term care facility in South Carolina, ensuring those most vulnerable to COVID-19 and the workers who care from them are among the first to receive their shots. CVS and Walgreens began holding vaccine clinics at these facilities on December 28, 2020. Long-term Care Program data is recorded in a federal database called Tiberius. The information in the spreadsheets below, from Tiberius, isn't managed by DHEC.

• LTC Program: Moderna Vaccine Allocation by Facility
