

COVID-19 Vaccine Allocations in South Carolina

Friday, March 5, 2021

This page will be updated regularly as information becomes available.

Beginning March 5, the allocation and administration data for this webpage is sourced from South Carolina's Statewide Immunization Online Network (SIMON). Prior to March 5, the data on this webpage was sourced directly from both the federal VAMS database and SIMON database. Data from the federal VAMS database funnels into the state's SIMON database, and the SIMON database is the most current and accurate source for vaccine information for South Carolina. The SIMON database also powers DHEC's vaccine dashboard. <<https://scdhec.gov/covid19/covid-19-vaccination-dashboard>>

Total Doses Received
in South Carolina

1,596,218

Total Doses Given
in South Carolina

Total Doses Received
Through LTC Program

165,600

Given to LTCF Residents
First Shot / Second Shot
(residents and non-residents)

34,757 / 25,824

Given to LTCF Staff
First Shot / Second Shot
(residents and non-residents)

20,719 / 14,663

1st / 2nd Clinics Scheduled
Through LTC Program

1,489

3rd Clinics Scheduled
Through LTC Program

683

The CDC's Long-Term Care Program <<https://www.cdc.gov/vaccines/covid-19/long-term-care/pharmacy-partnerships.html>> is a federal partnership between Walgreens and CVS pharmacies. These pharmacies are holding vaccination clinics at every long-term care facility in South Carolina, ensuring those most vulnerable to COVID-19 and the workers who care from them are among the first to receive their shots. CVS and

Walgreens began holding vaccine clinics at these facilities on December 28, 2020. Long-term Care Program data is recorded in a federal database called Tiberius. The information in the spreadsheets below, from Tiberius, isn't managed by DHEC.
