

COVID-19 Vaccine Allocations in South Carolina

Friday, March 5, 2021

This page will be updated regularly as information becomes available.

Beginning March 5, the allocation and administration data for this webpage is sourced from South Carolina's Statewide Immunization Online Network (SIMON). Prior to March 5, the data on this webpage was sourced directly from both the federal VAMS database and SIMON database. Data from the federal VAMS database funnels into the state's SIMON database, and the SIMON database is the most current and accurate source for vaccine information for South Carolina. The SIMON database also powers DHEC's vaccine dashboard.

Total Doses Received in South Carolina
1,596,218

Total Doses Given in South Carolina
1,216,879

• Pfizer-BioNTech Vaccine Allocations

Total Doses Received
793,218

Given
First Shot / Second Shot
(residents and non-residents)
455,104 / 285,918

Total Doses Used
93%

• Moderna Vaccine Allocations (Non-LTC Program)

Total Doses Received
637,400

Given
First Shot / Second Shot
(residents and non-residents)
281,226 / 98,668

Total Doses Used
60%

Vaccine providers are required to log specific information about each vaccine they administer within 24 hours. The data within these by-facility spreadsheets are provisional and subject to change.

Key points about vaccine allocation data include:

- Pfizer-BioNTech vaccine allocation by facility

-  [March 1, 2021 - Moderna Vaccine Allocation \(Non-LTCF\)](#)

February

- Moderna Vaccine Allocations for LTC Program

Total Doses Received
Through LTC Program
165,600

Given to LTCF Residents
First Shot / Second Shot
(residents and non-residents)
34,757 / 25,824

Given to LTCF Staff
First Shot / Second Shot
(residents and non-residents)
20,719 / 14,663

1st / 2nd Clinics Scheduled
Through LTC Program
1,489

3rd Clinics Scheduled
Through LTC Program
683

The CDC's [Long-Term Care Program](#) is a federal partnership between Walgreens and CVS pharmacies. These pharmacies are holding vaccination clinics at every long-term care facility in South Carolina, ensuring those most vulnerable to COVID-19 and the workers who care from them are among the first to receive their shots. CVS and Walgreens began holding vaccine clinics at these facilities on December 28, 2020. Long-term Care Program data is recorded in a federal database called Tiberius. The information in the spreadsheets below, from Tiberius, isn't managed by DHEC.
